

CM-IND-A-3

Industrial Ceiling Mount Version 3 for Aruba Access Points
<https://wifighter.shop/en/CM-IND-A-3>

Application

- Mounting targets: industrial ceilings, grid ceilings, cable ducts, cable trays, cable ladders, suspended mesh ceilings

Benefits

- Fast installation by hooking in and securing with wing screws — ideal for retrofit and industrial environments
- No drilling required; minimal impact on existing ceiling or tray structures
- Ports and labels remain accessible

Compatibility

- Compatible with Aruba access points of the 500, 600, and 700 series

Material, Color & Origin

- Powder-coated sheet metal (RAL 9010)
- designed & made in Hamburg

Quick Guide

- Hang the industrial ceiling mount onto the cable tray or similar structure
- Secure the mount using the included wing screws
- Slide the access point into the mount and lock it in place
